

To whom it may concern;

We are a private independent school that uses Financial Aid forms – Option 3 method to determine our number of E-Rate eligible low-income students.

Our total enrollment was 234 and we have 2 low-income students whose family meets the E-Rate income eligibility guidelines.

- A. All Students have access to financial aid forms.
- B. We confirm that financial aid applicants are required to submit Federal Tax forms to show family income.
- C. All completed financial aid applications are kept on file.

We attach the following:

- A. One completed financial aid application with personal information blackened out.**

I certify that only those students who receive financial aid and meet the Income Eligibility Guidelines of the National School Lunch Program have been included in our completed form 471.

Respectfully,
